

SCIENTIFIC PROGRAM

Day - 1: May 27, 2023 (Saturday)

08:00 am - 11:00 am : **Live Surgical Master Class - 1
Robotic Type I Hysterectomy - CIN III / DUB**
Course Directors: Dr. Chinnababu Sunkavalli, Console Surgeon
Moderators : Dr. Somashekar. S. P, Dr. P. Balamba
Dr. Shanta Kumari, Dr. Anitha Kunnaiah, Dr. GVS Lakshmi

The aim of this Live Surgical masterclass is to equip you with technological assistance of robotic surgery that will help you to perform robotic hysterectomies with ease. The course will include an anatomical tour of the pelvis through the robot's eye, strategies for patient selection, OR setup, patient positioning, port placement, docking and instrumentation. It is important to choose the right patient and learn tricks to perform the surgery safely.

08:00 am - 08:05 am : **Welcome, Introduction & Course Overview**

08:05 am - 08:15 am **Topic :** **Docking & Port placement for Robotic Gynecologic Cancers**
Speaker : Dr. Chinnababu Sunkavalli, Dr. Hemanth Vudayaraju

08:15 am - 11:00 am **Topic :** **Interactive discussion and Audience Session, Steps of Robotic type 1 Hysterectomy with discussion**
Discussants : Dr. Somashekar. S. P, Dr. P. Balamba,
Dr. S. Shanta Kumari, Dr. Anitha Kunnaiah, Dr. GVS Lakshmi

11:00 am - 11:15 am : **Coffee Break**

SCIENTIFIC PROGRAM

Day - 1: May 27, 2023 (Saturday)

11:15 am - 01:00 pm

Live Surgical Master Class - 2 Robotic Radical Hysterectomy with Sentinel Lymph Node Biopsy / Pelvic Lymph Node Dissection

Course Directors: Dr. Walter Gottlieb, Console Surgeon
Moderators : Dr. Trilok Pratap Singh Bhandari, Dr. Krishna Kumari, Dr. Jamuna Devi, Dr. Aruna Kumari, Dr. Somashekar. S. P.

This surgical master class is designed to help surgeons understand and perform robotic - Radical Hysterectomy with Sentinel Lymph Node Biopsy / Pelvic Lymph Node Dissection. Experts in the field will demonstrate performing lymph nodal evaluation, sampling and dissection and share their experience for doing this procedure successfully.

11:15 am - 11:25 am

: **Welcome Introduction & Course Overview**

11:25 am - 01:00 pm

Topic : Interactive discussion and Audience Session
Steps of Robotic Radical Hysterectomy with Sentinel Lymph Node Biopsy / Pelvic Lymph Node - Dissection with discussion

Discussants: Dr. Trilok Pratap Singh Bhandari, Dr. Krishna Kumari, Dr. Jamuna Devi, Dr. Aruna Kumari, Dr. Somashekar. S. P.

01:00 pm - 02:00 pm

: **Working Lunch**

01:00 pm - 03:00 pm

Live Surgical Master Class - 3, Robotic Surgery for Early Carcinoma Ovary, Complex Ovarian mass

Course Directors: Console Surgeons - Dr. Walter Gottlieb, Dr. Hemanth Vudayaraju, Dr. Manjula Anaghani
Moderators : Dr. Kameshwari, Dr. Kiranmayi Devineni, Dr. Aditi Bhatt Dr. P. Indira Devi

This masterclass will demonstrate the feasibility and management of complex ovarian mass by experts by using robotic surgical platform. Faculty will demonstrate surgical techniques to the delegates in step wise fashion and discuss the anticipated problems & how to tackle them.

01:00 pm - 01:10 pm

: **Welcome, Introduction and Course Overview**

01:10 pm - 03:00 pm

Topic : Designated Discussion, Interactive Discussion & Audience Session

Discussants : Dr. Amita Maheshwari, Dr. Manjula Anaghani, Dr. Kameshwari Dr. Kiranmayi Devineni, Dr. Aditi Bhatt, Dr. P. Indira Devi

03:00 pm - 03:15 pm

: **Coffee Break**

SCIENTIFIC PROGRAM

Day - 1: May 27, 2023 (Saturday)

03:15 pm - 05:00 pm

Master Class - 4 Learn From Experts - How I Do It Video Sessions

This course is designed to demonstrate videos of the advanced techniques of management of gynecological malignancies. The course will also provide an update on latest techniques and difficult procedures like Pelvic and para aortic lymphadenectomies as well management of complications during robotic surgeries.

03:15 pm - 03:30 pm	Topic : Anatomy of Pelvic Spaces for Pelvic Node Dissection Speaker : Dr. Hemanth Vudayaraju
03:30 pm - 03:45 pm	Topic : Sentinel Lymph Node Biopsy in Gynecologic Cancers Speaker : Dr. Rindu Venkat Kolli
03:45 pm - 04:00 pm	Topic : Pelvic Lymph Node Dissection and Para Aortic Lymph Node Dissection Speaker : Dr. Walter Gottlieb
04:00 pm - 04:15 pm	Topic : Challenges in Obese Patients Undergoing Robotic Surgery Speaker : Dr. Somashekar. S. P
04:15 pm - 04:30 pm	Topic : Cytoreductive Surgery + HIPEC Speaker : Dr. Aditi Bhatt
04:30 pm - 04:45 pm	Topic : Optimal Use Of Uterine Manipulators in Robotic Gynecological Surgery Speaker : Dr. Rooma Sinha
04:50 pm - 05:00 pm	Topic : Tips, Tricks and Pearls in Robotic Gynecological Surgery Speaker : Dr. Arnold Advincola
04:50 pm - 05:00 pm	Panel Discussion Panelists : Dr. Walter Gottlieb, Dr. Somashekar. S. P, Dr. T. Subramanyeshwar Rao, Dr. Aditi Bhatt, Dr. Rooma Sinha, Dr. Narendra Hulikal, Dr. Manjula Anaghani
07:00 pm	: Gala Dinner
