SECUNDERABAD

## WELCOME NOTE

Dear Colleagues,

With great honour and pleasure, we cordially invite you to our Second edition of **Mastering Chest Imaging - 2024 (From Basics to Breakthroughs)**; organized by Department of Pulmonology, Yashoda Hospital, Secunderabad.

This symposium has been meticulously curated to provide a comprehensive knowledge in thoracic imaging covering through basic Chest X-Ray to more advanced imaging studies. Senior faculties who are the masters in pulmonary imaging will be sharing their expertise and it would be a great opportunity to listen and interact with them.

The main motive of this exclusive master class is to help the post graduates and practicing pulmonologists to update and refresh their knowledge in Chest Radiology. This CME will expose you to all the basics, cutting edge techniques and recent innovations in the field of pulmonary radiology.

Further, we will end up the symposium with an exciting "Quiz" program and attractive gifts to the winners.

With utmost gladness, we welcome you and your students for this enriching experience.

With Best Regards,
